

## Nursing State Authorizations

Loyola University New Orleans, School of Nursing is not authorized to offer practicum experiences by the Board of Nursing in the following states:

- Kentucky
- Massachusetts (Since MA is not NC-SARA approved, the School of Nursing is not authorized to deliver online education in MA)
- Nevada
- New Hampshire
- New York
- Washington (Pre-licensure Family Nurse Practitioner track is not approved; Nursing Leadership is approved)
- Wyoming

The following states require additional steps in the practicum process:

- Alabama (requires Board of Nursing application 90 days in advance of practicum experiences)
- Oregon (requires Board of Nursing application in advance of practicum experiences)

If you choose to continue your application, you may be required to secure a preceptor in another state, travel to an approved state, or engage in additional procedures dependent on your state of residence. It is your responsibility to ensure all required steps are taken or you may not be able to continue into a practicum course. If you have any questions regarding this process, please reach out to Elizabeth Wadsworth, Executive Assistant to the Dean, at [ejwadsw@loyno.edu](mailto:ejwadsw@loyno.edu) or 504-865-2307.
