Additional comments:			
			I would gladly interview other graduates from this program as we wish we had 10 Rachel's on our staff or in the community to serve clients of diverse backgrounds and presenting concerns.
			Encourage the students to attend the LCA conference, they are missing out on so many professional growth opportunities.
			The last 4 counselors Iâ€™ve hired have been graduates of Loyola! Three of them completed their practicum/internship with us!
			We have not had any Loyola counseling interns or graduates of the program employed as therapists at Northlake Hospital. We would like to have the opportunity to do so. I may be contacted at 985 626-6550 regarding applicants for employment and field placement at Northlake.
